

Assembly Instructions for Table Top Stand

Step 1

Connect the base unit with the upright pole as shown

NOTE: Rubber clicker faces front
Wing nuts are tightened from the back

Step 2

Tighten pole with supplied wing nuts and washers through the pre-drilled holes

NOTE: Bolts go through the front of pole
Wing nuts tighten onto the back

Step 3

Place the prize wheel on the table top stand
Tighten wheel with the supplied nut or see the "Insert Instructions" if you purchased an "Insert" prize wheel.

NOTE: It may be necessary to use a wrench or pliers to tighten the nut on the back to create a balanced spin.
